

## **LWVIN CONVENTION 2015**

### **SILENT AUCTION DONATIONS NEEDED**

We hope you can join us to celebrate spring and the LWVIN convention in our beautiful Brown County State Park, April 17-19, 2015. Whether you can attend or not, we need your help with the silent auction.

The silent auction is an important fund raiser for the State League's Education Fund. This fund provides, among other state education projects, \$300 grants to local leagues for their research and education projects. In order to be successful, lots of items need to be donated and we are asking for contributions from all Indiana Leagues. Examples of items include books, photos, arts and crafts, food, special items from each league's region of the state, things related to league activities, and whatever else you think convention goers might like to bid on and purchase.

Items may be brought to the Presidents' Day meeting, February 21, or brought to the convention, or we can make arrangements to pick up items. For each donation, please provide a description, estimated value and your contact information. If you bring the item to the convention, please E-mail this information in advance. No need to wait for April. We will store donated items for you if you want to donate but can't bring the item to the Presidents meeting or to the convention. Just contact us to make arrangements.

Brown County LWV and Bloomington-Monroe County LWV are hosts for the convention. Shari Frank from Brown County and Sally Hegeman from Bloomington are co-organizers for the silent auction. Any questions can be directed to them at [auction@lwvin.org](mailto:auction@lwvin.org).
